Prague, 29 March 2017

Patronage to Prague Student Summit

It is with great pleasure that I give my personal auspices to the opening of Prague Student Summit, which will take place on April 7th, 2017.

Prague Student Summit is established to give young people the opportunity to broaden their knowledge about international affairs, human rights and economics. We believe that projects like the Prague Student summit can contribute to building and maintaining a strong civil society. Denmark supports informal education, where students can broaden their insights into the world of politics in the ever more globalized world.

I wish the participants an intellectually challenging and learning summit.

Yours sincerely,

A handwritten signature in blue ink, reading "Christian Hoppe".

Christian Hoppe
Ambassador of Denmark
